Placement Cell

H.K.E. Society's Sir M. Visvesvaraya College of Engineering, Raichur, in association with IMA Raichur. A Cancer Awareness Program was organized in the college on 04/02/2026 with the objective of creating awareness among students about cancer, its prevention, early detection, and the importance of leading a healthy lifestyle. The program aimed to educate young minds and encourage them to spread awareness in society.

Inauguration and Dignitaries

The program was presided over by Dr. R. Basawaraj, respected Principal of the institution. His presence and guidance added great value to the program. In his inaugural address, he highlighted the need for awareness programs on health-related issues and motivated students to be proactive about their health.

Resource Person and Session Details

The resource person for the program was Dr. Sandeep, Medical Oncologist, Raichur, associated with the Indian Medical Association.

He delivered an informative lecture covering the following aspects:

- Introduction to cancer and its types
- Common causes and risk factors
- Early symptoms and warning signs
- Importance of early diagnosis and treatment
- Preventive measures and healthy lifestyle practices
- Myths and misconceptions related to cancer

The session was interactive, and students actively participated by asking questions, which were clearly addressed by the resource person.

Participation

A total of 100 students attended the program with keen interest. The session helped them gain valuable knowledge and develop awareness regarding cancer prevention and early detection
