Organized Aptitude Training Program

A one-day Aptitude Training Program was conducted on 21st November 2025 by Z SkillUp for the final-year and pre-final-year students of all branches. The session aimed to enhance students' problem-solving abilities and prepare them for campus recruitment tests, private sector exams, and government competitive examinations.

A total of 96 final-year students and 92 pre-final-year students actively participated in the program.

Ms. Bhagyalakshmi, Training and Placement Officer, formally welcomed Mr. Lokesh Mathur, Founder & CEO of Z SkillUp, along with Ms. Akastha and her team. She highlighted the importance of aptitude skills in today's competitive placement environment and encouraged students to actively participate.

The Aptitude Training Program for final-year students was conducted from 10:00 AM to 1:20 PM, followed by the session for pre-final-year students from 2:00 PM to 4:15 PM.

The resource persons from Z SkillUp began the session with a series of aptitude-based questions drawn from previously asked questions in private sector recruitment tests and government examinations. The trainers explained shortcuts, logical reasoning techniques, numerical methods, and time-saving strategies to help students improve accuracy and speed.

The session was highly interactive, allowing students to answer questions, discuss solutions, and clarify doubts. Practical examples and real-time problem-solving exercises kept the participants engaged throughout the program.

The event concluded with a feedback session, where students shared their learning experiences. The overall response was extremely positive, with students appreciating the clarity of explanation, relevance of the questions, and the effectiveness of the training.

The Training and Placement Department expressed gratitude to Z SkillUp for delivering an insightful and impactful session, which will greatly benefit students in their upcoming placement drives and competitive exams.
